National Geographic Traveler

In excellent shape, relatively unspoiled, and likely to remain so.

“Lovely unspoiled islands—a delight to the traveler.” Remote and cool, and thus safe from overcrowding, the autonomous archipelago northwest of the Shetlands earns high marks from panelists for preservation of nature, historic architecture, and local pride. “Spectacular waterfalls and harbors.”

**an archipelago of steep slopes, grass roofs,
and a preservation-minded people**

Takk fyri!
